ABOUT

Paul is a designer with a great passion for creating digital products and shaping user experiences. He has 4 years experience in studio, product, startup & freelance environments and degrees in Interactive Multimedia Design and Creative Multimedia.
He currently focus on UI/UX design & consultancy with a dash of front end development whilst also being proficient in other areas of design such as print design, graphic design and branding. He believes in crafting intuitive, organic and scalable digital products that enhance user interactions and improve business performance.

Selected companies & clients he has been associated with include: Crafty Devil, Flowlens, Mette Creates, Dale Farm, Fathom & Visionworks Interactive.

VALUES

WORK: Paul takes a meticulous and professional approach to his work placing emphasis on building a great relationship between team members and clients.

LIFE: In his spare time Paul is fascinated by Nordic culture, product design and enjoys nothing more than a tasty lunch and a good cup of coffee.
